24 year 2001, and \$120,000 of the general fund federal appropriation are
25 provided solely for the institute for public policy to evaluate the
26 impacts of Substitute Senate Bill No. 5011 (mentally ill offenders),
27 and of chapter 297, Laws of 1998 (commitment of mentally ill persons).
28 If Substitute Senate Bill No. 5011 is not enacted by June 30, 1999,
29 one-half of each of these amounts shall lapse.

30 **Sec. 206.** 1999 c 309 s 206 (uncodified) is amended to read as

6	TOTAL APPROPRIATION	\$	((701,166,000))
7			<u>717,202,000</u>

8 The appropriations in this subsection are subject to the following
9 conditions and limitations:

10 (a) The health services account appropriation and \$127,000 of the
11 general fund--federal appropriation are provided solely for health care
12 benefits for home care workers with family incomes below 200 percent of
13 the federal poverty level who are employed through state contracts for
14 twenty hours per week or more. Premium payments for individual
15 provider home care workers shall be made only to the subsidized basic
16 health plan. Home care agencies may obtain coverage either through the
17 basic health plan or through an alternative plan with substantially
18 equivalent benefits.

19 (b) \$3,100,000 of the general fund--state appropriation for fiscal
20 year 2000, \$4,650,000 of the general fund--state appropriation for
21 fiscal year 2001, and \$8,250,000 of the general fund--federal
22 appropriation are provided solely to increase services and supports for
23 people with developmental disabilities. These funds shall be expended
24 in accordance with priorities established by the stakeholder advisory
25 group established in accordance with chapter 216, Laws of 1998
26 (developmental disabilities), except that (i) at least 60 percent of
27 these amounts must be used to increase the number of people receiving
28 residential, employment, family support, or other direct services; (ii)
29 the services and supports must be designed and implemented such that
30 the cost of continuing them in the 2001-03 biennium does not exceed
31 \$19.2 million, of which no more than \$9.3 million is from state funds;
32 and (iii) strong consideration shall be given to the need for increased
33 wages for direct care workers in contracted residential programs.

34 (c) \$82,000 of the general fund--state appropriation for fiscal
35 year 2000, \$329,000 of the general fund--state appropriation for fiscal
36 year 2001, and \$428,000 of the general fund--federal appropriation are
37 provided solely to increase the number of developmentally disabled
38 people receiving residential, employment, family support, or other

1 direct services. The amounts in this subsection (1)(c) are subject to
2 the restrictions in (b)(ii) of this subsection (1).

3 (d) \$413,000 of the general fund--state appropriation for fiscal
4 year 2000, \$1,172,000 of the general fund--state appropriation for
5 fiscal year 2001, and \$694,000 of the general fund--federal
6 appropriation are provided solely for employment, or other day
7 activities and training programs, for young people who complete their
8 high school curriculum in 1999 or 2000.

9 ~~((d) \$1,919,000 of the general fund--state appropriation for
10 fiscal year 2000, \$2,892,000 of the general fund--state appropriation
11 for fiscal year 2001, and \$4,992,000 of the general fund--federal
12 appropriation are provided solely for alternatives for persons who
13 would otherwise be at substantial risk of state psychiatric
14 hospitalization. The department shall use these funds and other
15 resources appropriated in this section and in section 205(1) of this
16 act to assure that the average number of persons with developmental
17 disabilities in the state hospitals does not exceed sixty six per day
18 during the first biennial quarter; sixty per day during the second;
19 fifty four per day during the third; and forty eight per day during the
20 final quarter of the 1999-2001 biennium. The developmental
21 disabilities program shall transfer \$285 of the general fund--state
22 appropriation to the mental health program for each bed day by which
23 these quarterly targets are exceeded.))~~

24 (e) \$513,000 of the general fund--state appropriation for fiscal
25 year 2000, \$1,421,000 of the general fund--state appropriation for
26 fiscal year 2001, and \$2,033,000 of the general fund--federal
27 appropriation are provided to develop and operate secure residential
28 and day program placements for persons who seem likely to pose a
29 significant risk to the public safety if their current residential
30 arrangement were to continue.

31 (f) \$209,000 of the general fund--state appropriation for fiscal
32 year 2000, \$664,000 of the general fund--state appropriation for fiscal
33 year 2001, and \$939,000 of the general fund--federal appropriation are
34 provided to increase wages as required by Initiative No. 688 (state
35 minimum wage) for contracted adult family homes, adult residential care
36 facilities, hourly and daily family support providers, and hourly
37 attendant care providers.

38 (g) \$1,978,000 of the general fund--state appropriation for fiscal
39 year 2000, \$4,475,000 of the general fund--state appropriation for

1 fiscal year 2001, and \$6,989,000 of the general fund--federal
2 appropriation are provided solely to increase compensation for
3 individual and agency home care workers. Payments to individual
4 providers are to be increased from \$6.18 per hour to \$6.68 per hour on
5 July 1, 1999, and to \$7.18 per hour on July 1, 2000. Payments to
6 agency providers are to be increased to \$11.97 per hour on July 1,
7 1999, and to \$12.62 per hour on July 1, 2000. All but 14 cents per
8 hour of the July 1, 1999, increase to agency providers, and all but 15
9 cents per hour of the additional July 1, 2000, increase is to be used
10 to increase wages for direct care workers. The appropriations in this
11 subsection also include the funds needed for the employer share of
12 unemployment and social security taxes on the amount of the increase.

13 (h) Within amounts appropriated in this subsection, the
14 developmental disabilities program shall contract for a pilot program
15 to test an alternative service delivery model for persons with autism.
16 The department must use a competitive process to determine the site of
17 the pilot. The pilot program must be time-limited and subject to an
18 evaluation of client outcomes to determine the effectiveness and
19 efficiency of the pilot program compared to the standard service model
20 for persons with autism.

21 (i) \$1,919,000 of the general fund--state appropriation for fiscal
22 year 2000, \$6,673,000 of the general fund--state appropriation for
23 fiscal year 2001, and \$7,361,000 of the general fund--federal
24 appropriation are provided solely to improve services for persons with
25 developmental disabilities who would otherwise be at risk of needing
26 involuntary commitment to or prolonged treatment at state psychiatric
27 hospitals. The department shall use these funds to enhance the
28 community crisis response system managed by regional support networks,
29 improve crisis prevention and stabilization services through the
30 developmental disabilities community services system, and expand
31 community residential capacity for persons with developmental
32 disabilities who are ready for discharge from state psychiatric
33 hospitals. Funding for community residential capacity is sufficient to
34 move a biennium total of 48 patients out of the state hospitals at a
35 reasonable pace by June 30, 2001. The department shall manage the
36 intensity of services provided so that the average cost per day does
37 not exceed \$300 per person placed in this expanded community
38 residential capacity. The department shall report to the appropriate
39 committees of the legislature on progress towards implementing this

1 subsection after each calendar quarter. The legislature finds that, in
2 addition to the appropriations in this subsection for improvements in
3 services to persons with developmental disabilities who are committed
4 to the custody of the secretary under chapter 71.05 RCW, it is
5 necessary to study long-term treatment alternatives and their legal,
6 fiscal, and policy implications. Therefore, the department shall
7 provide a report to the ways and means committee of the senate and the
8 appropriations committee of the house of representatives by December 1,
9 2000, containing options and recommendations for secure treatment
10 programs. The report shall identify various treatment models that
11 could be implemented and various types and locations of secure
12 facilities, both state-owned and leased, in which programs could be
13 sited, together with the department's recommendations. The report
14 shall evaluate the potential for siting such programs on the grounds of
15 existing state residential habilitation centers. The report shall also
16 include analysis of advantages and disadvantages associated with
17 contracting for some or all of the new program options identified. The
18 report shall evaluate the options based on short-term and long-term
19 costs, client and community security, efficiency of coordination with
20 other service delivery systems, and how they address specific legal
21 issues. In developing this report, the department shall invite
22 participation by representatives of the Washington protection and
23 advocacy system (WPAS), and shall include in the report WPAS' position
24 on options and recommendations submitted by the department and any
25 additional recommendations made by WPAS. The legislature recognizes a
26 need to improve long-term services provided to individuals with
27 developmental disabilities who are undergoing involuntary treatment
28 under chapter 71.05 RCW. The legislature is committed to providing
29 resources necessary to address issues in the U.S. District Court case
30 of *Allen v. Western State Hospital*.

31 (j) \$500,000 of the general fund--state appropriation for fiscal
32 year 2001 and \$160,000 of the general fund--federal appropriation are
33 provided solely for increased family support services and related case
34 management support.

26		<u>1,906,383,000</u>

27 The appropriations in this section are subject to the following
28 conditions and limitations:

29 (1) The entire health services account appropriation,
30 ((\$2,118,000)) \$2,101,000 of the general fund--federal appropriation,
31 \$923,000 of the general fund--state appropriation for fiscal year 2000,
32 and \$958,000 of the general fund--state appropriation for fiscal year
33 2001 are provided solely for health care benefits for home care workers
34 who are employed through state contracts for at least twenty hours per
35 week. Premium payments for individual provider home care workers shall
36 be made only to the subsidized basic health plan. Home care agencies

1 may obtain coverage either through the basic health plan or through an
2 alternative plan with substantially equivalent benefits.

3 (2) \$1,640,000 of the general fund--state appropriation for fiscal
4 year 2000 and \$1,640,000 of the general fund--state appropriation for
5 fiscal year 2001, plus the associated vendor rate increase for each
6 year, are provided solely for operation of the volunteer chore services
7 program.

8 (3) For purposes of implementing Engrossed Second Substitute House
9 Bill No. 1484 (nursing home payment rates), the weighted average
10 nursing facility payment rate for fiscal year 2000 shall be no more
11 than (~~(\$10.36)~~) \$10.85 for the capital portion of the rate and no more
12 than \$108.20 for the noncapital portion of the rate. For fiscal year
13 2001, the weighted average nursing facility payment rate shall be no
14 more than (~~(\$10.57)~~) \$11.44 for the capital portion of the rate and no
15 more than (~~(\$110.91)~~) \$111.21 for the noncapital portion of the rate.
16 These rates include vendor rate increases, but exclude nurse's aide
17 training.

18 (4) In addition to the rates set forth in subsection (3), \$286,000
19 of the general fund--state appropriation for fiscal year 2000(~~(~~
20 ~~\$574,000 of the general fund--state appropriation for fiscal year~~
21 ~~2001,~~) and (~~(\$928,000)~~) \$310,000 of the general fund--federal
22 appropriation are provided solely for supplemental rate adjustments for
23 certain nursing facilities. In accordance with RCW 74.46.431, the
24 department shall use these funds to apply an additional economic trends
25 and conditions adjustment factor to the rate of any facility whose
26 total rate allocation would otherwise be less than its April 1, 1999,
27 total rate, adjusted for case-mix changes. This supplemental
28 adjustment factor shall be the percentage by which the facility's April
29 1, 1999, rate would otherwise exceed the rate calculated in accordance
30 with chapter 74.46 RCW and subsection (3) of this section, except that
31 (a) no adjustment shall be provided for any amounts by which a
32 facility's rate is lower due to a reduction in its facility-average
33 medicaid case-mix score; and (b) the adjustment factor shall be reduced
34 proportionately for all facilities by the percentage by which total
35 supplemental payments would otherwise exceed the funds provided for
36 such payments in this subsection. This subsection applies only to
37 rates paid for services provided between July 1, 1999, and March 31,
38 2000.

1 (5) \$50,000 of the general fund--state appropriation for fiscal
2 year 2000 and \$50,000 of the general fund--state appropriation for
3 fiscal year 2001 are provided solely for payments to any nursing
4 facility licensed under chapter 18.51 RCW which meets all of the
5 following criteria: (a) The nursing home entered into an arm's length
6 agreement for a facility lease prior to January 1, 1980; (b) the lessee
7 purchased the leased nursing home after January 1, 1980; and (c) the
8 lessor defaulted on its loan or mortgage for the assets of the home
9 after January 1, 1991, and prior to January 1, 1992. Payments provided
10 pursuant to this subsection shall not be subject to the settlement,
11 audit, or rate-setting requirements contained in chapter 74.46 RCW.

12 (6) (~~(\$6,264,000 of the general fund state appropriation for~~
13 ~~fiscal year 2000, \$13,860,000 of the general fund state appropriation~~
14 ~~for fiscal year 2001, and \$21,795,000 of the general fund federal~~
15 ~~appropriation are provided solely~~) Funds are appropriated in this
16 section to increase compensation for individual and for agency home
17 care providers. Payments to individual home care providers are to be
18 increased from \$6.18 per hour to \$6.68 per hour on July 1, 1999, and to
19 \$7.18 per hour on July 1, 2000. Payments to agency providers are to
20 increase to \$11.97 per hour on July 1, 1999, and to \$12.62 per hour on
21 July 1, 2000. All but 14 cents per hour of the July 1, 1999, increase
22 to agency providers, and all but 15 cents per hour of the additional
23 July 1, 2000, increase is to be used to increase wages for direct care
24 workers. The appropriations in this subsection also include the funds
25 needed for the employer share of unemployment and social security taxes
26 on the amount of the increase.

27 (7) \$200,000 of the general fund--state appropriation for fiscal
28 year 2000, \$80,000 of the general fund--state appropriation for fiscal
29 year 2001, and \$280,000 of the general fund--federal appropriation are
30 provided solely for enhancement and integration of existing management
31 information systems to (a) provide data at the local office level on
32 service utilization, costs, and recipient characteristics; and (b)
33 reduce the staff time devoted to data entry.

34 (8) The department of social and health services shall provide
35 access and choice to consumers of adult day health services for the
36 purposes of nursing services, physical therapy, occupational therapy,
37 and psychosocial therapy. Adult day health services shall not be
38 considered a duplication of services for persons receiving care in

1 long-term care settings licensed under chapter 18.20, 72.36, or 70.128
2 RCW.

3 (9) \$1,452,000 of the general fund--state appropriation for fiscal
4 year 2000, \$1,528,000 of the general fund--state appropriation for
5 fiscal year 2001, and \$2,980,000 of the general fund--federal
6 appropriation are provided solely for implementation of Second
7 Substitute House Bill No. 1546 (in-home care services). If Second
8 Substitute House Bill No. 1546 is not enacted by June 30, 1999, the
9 amounts provided in this subsection shall lapse.

10 (10) \$610,000 of the general fund--state appropriation for fiscal
11 year 2001 is provided solely for the implementation of Substitute House
12 Bill No. 2454 (family caregiver). If the bill is not enacted by June
13 30, 2000, the amounts provided in this subsection shall lapse.

14 (11) \$8,000 of the general fund--state appropriation for fiscal
15 year 2000, \$131,000 of the general fund--state appropriation for fiscal
16 year 2001, and \$139,000 of the general fund--federal appropriation are
17 provided solely for implementation of Substitute House Bill No. 2637
18 (background checks). If the bill is not enacted by June 30, 2000, the
19 amounts provided in this subsection shall lapse.

20 (12) \$60,000 of the general fund--state appropriation for fiscal
21 year 2001 and \$60,000 of the general fund--federal appropriation are
22 provided solely to enhance training for persons employed in community
23 residential settings pursuant to Senate Bill No. 6502 (long-term care
24 training).

25 **Sec. 208.** 1999 c 309 s 208 (uncodified) is amended to read as

1 The appropriations in this section are subject to the following
2 conditions and limitations:

3 (1) (~~(\$308,504,000)~~) \$279,702,000 of the general fund--state
4 appropriation for fiscal year 2000, (~~(\$293,144,000)~~) \$263,140,000 of
5 the general fund--state appropriation for fiscal year 2001,
6 (~~(\$1,133,782,000)~~) \$1,142,182,000 of the general fund--federal
7 appropriation, and (~~(\$28,402,000)~~) \$28,371,000 of the general fund--
8 local appropriation are provided solely for the WorkFirst program and
9 child support operations. WorkFirst expenditures include TANF grants,
10 diversion services, subsidized child care, employment and training,
11 other WorkFirst related services, allocated field services operating
12 costs, and allocated economic services program administrative costs.
13 Within the amounts provided in this subsection, the department shall:

14 (a) Continue to implement WorkFirst program improvements that are
15 designed to achieve progress against outcome measures specified in RCW
16 74.08A.410. Valid measures of job retention and wage progression shall
17 be developed and reported for families who leave assistance, measured
18 after 12 months, 24 months, and 36 months.

19 (b) Provide \$500,000 from the general fund--state appropriation for
20 fiscal year 2000 and \$500,000 from the general fund--state
21 appropriation for fiscal year 2001 for continuation of the WorkFirst
22 evaluation conducted by the joint legislative audit and review
23 committee.

24 (c) Provide \$1,400,000 of the general fund--federal appropriation
25 solely for after-school care for middle school youth as described in
26 House Bill No. 2530 (after-school care).

27 (d) Provide \$2,710,000 of the general fund--federal appropriation
28 solely for training and a technical assistance program for child care
29 providers seeking training to enable them to competently serve children
30 with special needs as described in House Bill No. 2869 (child care
31 provider training).

32 (e) Provide \$230,000, or as much thereof as may be necessary, to
33 the department of health to expand the vasectomy project to temporary
34 assistance for needy families clients and their partners until such
35 time as a federal family planning waiver is granted that will cover
36 these services.

37 (f) Report to the appropriate committees of the legislature, by
38 December 1, (~~(1999)~~) 2000, how the new federal child support incentive
39 system can be used to maximize federal incentive payments and to

1 support the greatest achievement of WorkFirst program goals. In the
2 event that the department earns federal child support incentive
3 payments in excess of amounts budgeted, the department shall use one-
4 half of those additional funds to offset general fund--state allotments
5 and one-half of those additional funds to improve child support
6 services.

7 (2) (~~(\$50,860,000)~~) \$43,638,000 of the general fund--state
8 appropriation for fiscal year 2000 and (~~(\$50,825,000)~~) \$44,156,000 of
9 the general fund--state appropriation for fiscal year 2001 are provided
10 solely for cash assistance and other services to recipients in the
11 general assistance--unemployable program. Within these amounts, the
12 department may expend funds for services that assist recipients to
13 reduce their dependence on public assistance, provided that
14 expenditures for these services and cash assistance do not exceed funds
15 provided. The department shall, by July 1, 2000, begin using federal
16 funds provided in subsection (1) of this section, as allowed by federal
17 rules, for the costs of providing income assistance to children with
18 court-appointed guardians and court-appointed custodians.

19 (3) (~~(\$8,752,000)~~) \$5,444,000 of the general fund--state
20 appropriation for fiscal year 2000 and (~~(\$8,752,000)~~) \$5,632,000 of the
21 general fund--state appropriation for fiscal year 2001 are provided
22 solely for the food assistance program for legal immigrants. The level
23 of benefits shall be equivalent to the benefits provided by the federal
24 food stamp program.

25 (4) RCW 78.08A.280 permits the department to develop contracts for
26 state-wide welfare-to-work services.

27 Within amounts available in this section, the department shall
28 provide progress reports on the use of such contracting to the fiscal
29 committees of the legislature by September 1, 2000, and January 1,
30 2000. Each of these reports shall describe the number of current
31 contracts for temporary assistance for needy families (TANF) or
32 WorkFirst services that the department has with community social
33 service providers and a description of the services being provided
34 through each of those contracts.

35 (5) The legislature finds that, since the passage of the federal
36 personal responsibility and work opportunity act in 1997, Washington's
37 public assistance population has declined dramatically, and that the
38 currently appropriated level for the temporary assistance for needy
39 families program is sufficient for the 1999-01 biennium. The

1 legislature further finds that federal funding for the temporary
2 assistance for needy families program may decrease after the current

36 similar populations in other states, and shall then work with concerned
37 provider and consumer groups to adapt those strategies to Washington's
38 service delivery system. The department shall work with its drug
39 utilization and education council to develop a therapeutic substitution

1 program for at least two classes of drugs. Under the therapeutic
2 substitution program, the council shall analyze pharmaco-economic
3 research on the costs and benefits of all drugs within the class, and

19 administration as a critical access hospital; or (b) meets the
20 geographic criteria for a critical access hospital and has no more than
21 twenty-five available beds, with not more than fifteen acute care beds
22 and ten swing beds. If cost-based reimbursement is considered, it is
23 as defined by the hospital's cost to charge ratio. Any additional
24 payments made by the medical assistance administration for the healthy
25 options program shall be no more than the additional amounts per
26 service paid under this section for other medical assistance programs.
27 By December 15, 2000, the department shall report on the overall
28 increase in case-mix adjusted rates resulting from the reimbursement
29 changes authorized in this subsection. If the overall case-mix
30 adjusted rate of increase resulting from the use of the reimbursement
31 methodology authorized in this subsection exceeds twice the federal
32 health care financing administration hospital marketbasket index, then
33 the department shall make recommendations as to how the rate of
34 increase can be controlled.

35 (15) \$290,000 of the general fund--state appropriation for fiscal

9 Holocaust survivors of insurance proceeds or other assets, as defined
10 in RCW 48.104.030.

15 (b) As used in this subsection, the column headings "BA+(N)" refer
16 to the number of credits earned since receiving the baccalaureate
17 degree.

18 (c) For credits earned after the baccalaureate degree but before
19 the masters degree, any credits in excess of forty-five credits may be
20 counted after the masters degree. Thus, as used in this subsection,
21 the column headings "MA+(N)" refer to the total of:

- 22 (i) Credits earned since receiving the masters degree; and
- 23 (ii) Any credits in excess of forty-five credits that were earned
24 after the baccalaureate degree but before the masters degree.

7 maintained in the 2000-01 school year. A school district is eligible
8 for the learning improvement day funds for school years 1999-00 and
9 2000-01, only if three days have been added to the base contract in
10 effect for the 1998-99 school year. If fewer than three days are
11 added, the additional learning improvement allocation shall be adjusted
12 accordingly. The additional days shall be for activities related to
13 improving student learning consistent with education reform
14 implementation. The length of a learning improvement day shall not be
15 less than the length of a full day under the base contract. The
16 superintendent of public instruction shall ensure that school districts

23 **Sec. 506.** 1999 c 309 s 506 (uncodified) is amended to read as
24 follows:

25 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL FOOD SERVICE**
26 **PROGRAMS**

27	General Fund--State Appropriation (FY 2000) . . .	\$	3,100,000
28	General Fund--State Appropriation (FY 2001) . . .	\$	3,100,000
29	General Fund--Federal Appropriation	\$	((194,483,000))
30			<u>227,204,000</u>
31	TOTAL APPROPRIATION	\$	((200,683,000))
32			<u>233,404,000</u>

33 The appropriations in this section are subject to the following
34 conditions and limitations:

35 (1) \$6,000,000 of the general fund--state appropriations are
36 provided for state matching money for federal child nutrition programs.

37 (2) \$175,000 of the general fund--state appropriations are provided
38 for summer food programs for children in low-income areas.

1 multiplied by the district's average basic education allocation per
2 full-time equivalent student, multiplied by 1.15; and

3 (b) A district's annual average full-time equivalent basic
4 education enrollment multiplied by the funded enrollment percent
5 determined pursuant to subsection ~~((4)(e))~~ (5)(c) of this section,
6 multiplied by the district's average basic education allocation per
7 full-time equivalent student multiplied by 0.9309.

8 ~~((4))~~ (5) The definitions in this subsection apply throughout
9 this section.

10 (a) "Average basic education allocation per full-time equivalent
11 student" for a district shall be based on the staffing ratios required
12 by RCW 28A.150.260 and shall not include enhancements, secondary
13 vocational education, or small schools.

14 (b) "Annual average full-time equivalent basic education
15 enrollment" means the resident enrollment including students enrolled
16 through choice (RCW 28A.225.225) and students from nonhigh districts
17 (RCW 28A.225.210) and excluding students residing in another district
18 enrolled as part of an interdistrict cooperative program (RCW
19 28A.225.250).

20 (c) "Enrollment percent" means the district's resident special
21 education annual average enrollment including those students counted
22 under the special education demonstration projects, excluding the birth
23 through age two enrollment, as a percent of the district's annual
24 average full-time equivalent basic education enrollment. For the 1999-
25 00 and the 2000-01 school years, each district's funded enrollment
26 percent shall be the lesser of the district's actual enrollment percent
27 for the school year for which the allocation is being determined or
28 12.7 percent.

29 ~~((5))~~ (6) At the request of any interdistrict cooperative of at
30 least 15 districts in which all excess cost services for special
31 education students of the districts are provided by the cooperative,
32 the maximum enrollment percent shall be 12.7, and shall be calculated
33 in the aggregate rather than individual district units. For purposes
34 of this subsection, the average basic education allocation per full-
35 time equivalent student shall be calculated in the aggregate rather
36 than individual district units.

37 ~~((6))~~ (7) A maximum of \$12,000,000 of the general fund--state
38 appropriation for fiscal year 2000 and a maximum of \$12,000,000 of the
39 general fund--state appropriation for fiscal year 2001 are provided as

1 safety net funding for districts with demonstrated needs for state
2 special education funding beyond the amounts provided in subsection
3 (~~((+3))~~) (4) of this section. Safety net funding shall be awarded by
4 the state safety net oversight committee.

5 (a) The safety net oversight committee shall first consider the
6 needs of districts adversely affected by the 1995 change in the special
7 education funding formula. Awards shall be based on the amount
8 required to maintain the 1994-95 state special education excess cost
9 allocation to the school district in aggregate or on a dollar per
10 funded student basis.

11 (b) The committee shall then consider unusual needs of districts
12 due to a special education population which differs significantly from
13 the assumptions of the state funding formula. Awards shall be made to
14 districts that convincingly demonstrate need due to the concentration
15 and/or severity of disabilities in the district. Differences in
16 program costs attributable to district philosophy or service delivery
17 style are not a basis for safety net awards.

18 (c) The maximum allowable indirect cost for calculating safety net
19 eligibility may not exceed the federal restricted indirect cost rate
20 for the district plus one percent.

21 (d) Safety net awards shall be adjusted based on the percent of
22 potential medicaid eligible students billed as calculated by the
23 superintendent in accordance with Substitute Senate Bill No. 5626
24 (medicaid payments to schools).

25 (e) Safety net awards must be adjusted for any audit findings or
26 exceptions related to special education funding.

27 (f) The superintendent may expend up to \$100,000 per year of the
28 amounts provided in this subsection to provide staff assistance to the
29 committee in analyzing applications for safety net funds received by
30 the committee.

31 (~~((+7))~~) (8) The superintendent of public instruction may adopt such
32 rules and procedures as are necessary to administer the special
33 education funding and safety net award process. Prior to revising any
34 standards, procedures, or rules, the superintendent shall consult with
35 the office of financial management and the fiscal committees of the
36 legislature.

37 (~~((+8))~~) (9) The safety net oversight committee appointed by the
38 superintendent of public instruction shall consist of:

39 (a) Staff of the office of superintendent of public instruction;

1 (b) Staff of the office of the state auditor;
2 (c) Staff of the office of the financial management; and
3 (d) One or more representatives from school districts or
4 educational service districts knowledgeable of special education
5 programs and funding.

6 (~~((9))~~) (10) To the extent necessary, \$5,500,000 of
7 the general fund--federal appropriation shall be expended for safety
8 net funding to meet the extraordinary needs of one or more individual
9 special education students. If safety net awards to meet the
10 extraordinary needs of one or more individual special education
11 students exceed \$5,500,000 of the general fund--federal appropriation,
12 the superintendent shall expend all available federal discretionary
13 funds necessary to meet this need. General fund--state funds shall not
14 be expended for this purpose.

15 (~~((10))~~) (11) A maximum of \$678,000 may be expended from the
16 general fund--state appropriations to fund 5.43 full-time equivalent
17 teachers and 2.1 full-time equivalent aides at children's orthopedic
18 hospital and medical center. This amount is in lieu of money provided
19 through the home and hospital allocation and the special education
20 program.

21 (~~((11))~~) (12) A maximum of \$1,000,000 of the general fund--federal
22 appropriation is provided for projects to provide special education
23 students with appropriate job and independent living skills, including
24 work experience where possible, to facilitate their successful
25 transition out of the public school system. The funds provided by this
26 subsection shall be from federal discretionary grants.

27 (~~((12))~~) (13) A school district may carry over from one year to the
28 next year up to 10 percent of general fund--state funds allocated under
29 this program; however, carry over funds shall be expended in the
30 special education program.

31 (~~((13))~~) (14) The superintendent shall maintain the percentage of
32 federal flow-through to school districts at 85 percent. In addition to
33 other purposes, school districts may use increased federal funds for
34 high-cost students, for purchasing regional special education services
35 from educational service districts, and for staff development
36 activities particularly relating to inclusion issues.

37 (~~((14))~~) (15) A maximum of \$1,200,000 of the general fund--federal
38 appropriation may be expended by the superintendent for projects
39 related to use of inclusion strategies by school districts for

1 provision of special education services. The superintendent shall
2 prepare an information database on laws, best practices, examples of
3 programs, and recommended resources. The information may be
4 disseminated in a variety of ways, including workshops and other staff
5 development activities.

32 Trust Land Transfer (00-2-001)

33 The state building construction account appropriation in this
34 section is subject to the following conditions and limitations:

1 (1) The total appropriation is provided to the department solely to
2 transfer from trust status or enter into thirty-year timber harvest
3 restrictive easements for certain trust lands of state-wide
4 significance deemed appropriate for state park, fish and wildlife
5 habitat, natural area preserve, natural resources conservation area,
6 open space, or recreation purposes.

7 (2) Property transferred under this section shall be appraised and
8 transferred at fair market value. The value of the timber transferred
9 shall be deposited by the department to the common school construction
10 account in the same manner as timber revenues from other common school
11 trust lands. No deduction shall be made for the resource management
12 cost account under RCW 79.64.040. The value of the land transferred
13 shall be deposited in the natural resources real property replacement
14 account. These funds shall be expended by the department for the
15 exclusive purpose of acquiring real property of equal value to be
16 managed as common school trust land.

17 (3) Property subject to easement agreements under this section
18 shall be appraised at fair market value both with and without the
19 imposition of the easement. The entire difference in appraised value
20 shall be deposited by the department to the common school construction
21 fund in the same manner as lease revenues from other common school
22 trust lands. No deduction shall be made for the resource management
23 cost account under RCW 79.64.040.

24 (4) All reasonable costs incurred by the department to implement
25 this section are authorized to be paid out of this appropriation.
26 Authorized costs include the actual cost of appraisals, staff time,
27 environmental reviews, surveys, and other similar costs.

28 (5) Intergrant exchanges between common school and other trust
29 lands of equal value may occur if the exchange is in the interest of
30 each trust, as determined by the board of natural resources.

31 (6) Prior to or concurrent with conveyance of these properties, the
32 department, with full cooperation of the receiving agencies, shall
33 execute and record a real property instrument that dedicates the
34 transferred properties to the purposes identified in subsection (1) of
35 this section for a minimum period of thirty years. The department of
36 natural resources, in consultation with the receiving state agencies,
37 shall develop policy to address requests to replace transferred
38 properties subject to the recorded property instrument that are no

1 longer deemed appropriate for the purposes identified in subsection (1)
2 of this section.

3 (7) The department and receiving agencies shall work in good faith
4 to carry out the intent of this section. However, the department or
5 receiving agencies may remove a property from the transfer list in
6 subsection (8) of this section if, based on new, substantive
7 information, it is determined that transfer of the property is not in
8 the state-wide interest of either the common school trust or the
9 receiving agency.

10 (8) The appropriation in this section is provided to execute
11 transfers or easements for the list of properties identified in LEAP
12 capital document No. ((99-3)) 2000-4, as developed on ((~~April 8, 1999~~))
13 February 28, 2000, as follows: Projects in category A shall be
14 transferred; to the extent that local funding is provided for the land
15 value of the property, projects in category B shall be transferred; and
16 projects in category C and remaining projects in category B may be
17 transferred or leased as funding allows.

18 (9) The department shall execute trust land transfers and easements
19 such that 90 percent of the appropriation in this section is deposited
20 in the common school construction fund. To achieve the 90:10 ratio,
21 the department may offset transfers of property with low timber-to-land
22 ratios with easements on other properties.

23 (10) On June 30, 2001, the state treasurer shall transfer all
24 remaining uncommitted funds from this appropriation to the common
25 school construction fund and the appropriation in this section shall be
